South Sulawesi, Indonesia

I am a Computer Science graduate who is self-motivated, enjoys new challenges, and thrives in various situations. With strong problem-solving and logical thinking skills, I am able to work both independently and in teams. I have a deep interest in the fields of digital technology, especially web development, design, and architecture. I love combining technical expertise with creativity to produce innovative solutions. I am eager to expand my knowledge and continue growing in my professional career.

WORK EXPERIENCE

PT. Grocee Teknologi Indonesia, Makassar

March 2023 – July 2023

Front-End Developer (Intern)

- Created landing pages using ReactJS.
- Researching user experience (UX) and designing user interface (UI) for websites and applications to be developed.
